

AHERA ANNUAL NOTICE
LAFAYETTE SCHOOL CORPORATION

This information is being published to comply with the requirements of 40 CFR 763 Subpart E Asbestos Containing Materials in Schools. This regulation, commonly known as the "AHERA" rule, requires local education agencies, such as this one, to perform certain tasks in regards to the presence and control of asbestos containing materials in the buildings under the jurisdiction of the local education agency.

These include but are not limited to:

1. Developing an asbestos management plan which is designed to outline procedures and guidelines for the inspection, reinspection and periodic surveillance of asbestos containing materials that are present in the buildings.
2. Provide awareness training and additional training to selected school employees.
3. Periodically notify all workers and occupants, or their local guardians, parent teacher organizations, and collective bargaining organizations of the availability of asbestos management plans, the location of same and the times that the plans may be reviewed.

This notification is to advise all patrons, occupants, or their legal guardians, collective bargaining organizations, and parent-teachers organizations, that the asbestos management plans required under this act are available for review upon request. A copy of the plans for all buildings under the jurisdiction of this local education agency are available in the Operations Building, which is located at 1505 South 18th Street, Lafayette, Indiana 47905; telephone number (765) 772-4790. Plans for individual schools and other buildings are located in the administration office of each building. The plans can be viewed by any person during normal business hours of the particular school. Interested parties wishing to inquire about the hours and times that the plans are available should call the above number or individual school.

At this time, the management plans can provide information regarding inspections, response actions, and post-response action activities, including periodic reinspection and surveillance activities that are planned or in progress. Inquiries regarding any facet of the regulation or the management plans should be directed to Mr. Kevin Little at the above telephone number during regular business hours.

Listed is a brief description of asbestos work that has been completed in our schools this year. Detailed reports have become part of each school's asbestos management plan and may be reviewed in the school office.

Jefferson and Oakland High Schools; Lafayette Sunnyside Middle; Durgan, Glen Acres, Linnwood, Miami, Thomas Miller, Murdock and Washington Elementary Schools; Hiatt Administration, Crawley Field, Pythian Home, Learning Center, Opportunity School, Kossuth Church, McAllister.

- * The required triennial reinspection will be performed in November 2012.
- * The required six month periodic surveillance was performed in November 2010.
- * The next scheduled activity is the required six month periodic surveillance in May 2011.
- * Asbestos removal projects were performed at Sunnyside Middle School during the 2008-2010 renovation.
- * Some repairs were performed on pipe insulation at Jefferson High School in October 2010 and January 2011.

Edgelea, Vinton and Earhart Elementary Schools; Tecumseh Middle Schools; the Administration Building and the Warehouse Service Building

These buildings are considered asbestos free. No surveillances and re-inspections are required.
