

Retention and Redshirting

The board recognizes that participation in interscholastic athletics is a privilege and not a right. Fair competition and safety of participants are prime concerns of the board.

The board does not allow the retention of any student who has successfully completed any grade, except upon the recommendation of the appropriate school personnel. Should any student, who has successfully completed the eighth grade, repeat any grade for reasons other than academic failure in circumvention of this policy, s/he will lose his/her last year of eligibility of high school athletics. The board reserves the right to waive this rule for certain hardship cases. Such waiver will be considered on an individual case basis.
