

Attaching LSC Student iPad to Home Wifi

1. In Settings select WiFi
2. From the list on the right, select your home WiFi
3. Add your password to connect

4. Give the iPad a couple of minutes to receive LSC policy then open Safari and navigate to Google or any website
 - a. Students should have access to school related content
 - b. Websites are filtered so if a student goes to an unapproved site they will see the restricted screen and will not be able to visit that website.
